

ExecuTime and Infinite Visions Integration

Labor costs are a big part of your budget, so you need an accurate reporting of your employee hours. Labor costs escalate through human error, manual processes and requests, and scheduling conflicts — but they don't have to.

Whether you're ready to eliminate paper timesheets or automate your scheduling practices, ExecuTime™ is an industry-leading solution that helps streamline your time and attendance and advanced scheduling processes. You can now electronically capture, manage, and analyze all of your time cards and schedules, and seamlessly integrate data in real time with your Infinite Visions® enterprise resource planning (ERP) solution so there's no duplicate data entry and less chance for errors.

ExecuTime handles all of your time and attendance and scheduling challenges with ease and precision while keeping an eye on your bottom line.

Infinite Visions and ExecuTime Integration Features

- Clock in and out from ExecuTime while information is sent to Infinite Visions by a user-initiated process.
- Infinite Visions accruals and balances can be viewed in ExecuTime.
- All payroll setup codes are established and maintained in Infinite Visions; ExecuTime displays these codes to guarantee all information accessed in ExecuTime is current.
- The following data points are automatically updated in ExecuTime as additions, edits, or deletions are made in Infinite Visions:
 - Organizational units (departments)
 - Pay codes
 - Positions
 - Employee demographics
 - Leave balances
- ExecuTime calculates overtime and comp hours that employees are eligible for based on FLSA rules. When timesheet information is sent to Infinite Visions, Infinite Visions' payroll application applies the various pay and overtime rates based on the hours and pay codes passed from ExecuTime.
- Advanced Scheduling can be used for complex shift and scheduling needs.
