

ExecuTime and New World ERP Integration

Labor costs are a big part of your budget, so you need an accurate reporting of your employee hours. Labor costs escalate through human error, manual processes and requests, and scheduling conflicts — but they don't have to.

Whether you're ready to eliminate paper timesheets or automate your scheduling practices, ExecuTime™ is an industry-leading solution that helps streamline your time and attendance and advanced scheduling processes. You can now electronically capture, manage, and analyze all of your time cards and schedules, and seamlessly integrate that data in real time with your New World enterprise resource planning (ERP) solution so there's no duplicate data entry and less chance for error. ExecuTime handles all of your time and attendance and scheduling challenges with ease and precision while keeping an eye on your bottom line.

ExecuTime functions:

- Timesheet entry
- Timesheet approvals
- Timesheet processing
- Employee timekeeping security
- Time-off approval settings
- Time-off requests
- Time-off approvals

Tyler's New World ERP and ExecuTime Integration Features

- Clock in/out from ExecuTime while information is sent to New World by a user-initiated process.
- New World accruals and balances can be viewed in ExecuTime.
- All payroll setup codes are established and maintained in New World; ExecuTime displays these codes to guarantee all information accessed in ExecuTime is current.
- ExecuTime calculates overtime and/or comp hours employees are eligible for based on FLSA rules. When timesheet information is sent to New World, New World Payroll applies the various pay and overtime rates based on the hours and pay codes passed from ExecuTime.
- Advanced Scheduling can be used for complex shift and scheduling needs.
- Workflow items can be approved in ExecuTime.
- The following data points are automatically updated in ExecuTime as additions, edits, or deletions are made in New World:
 - » Organizational units (departments)
 - » Hours codes
 - » Positions
 - » Employee demographics
 - » Leave balances
 - » Project codes
